bilious and alterative physic, this medicine

HAS NO EQUAL IN THE WORLD.

I have used it constantly in my practice for upwards of ten years in all cases where a good physic and alterative was required, and would not now do without it. It is the Physician's Assistant, as well as the safest family medicine in use. Children drink it with pleasure. It will not nanacate the weakest stomach. It produces no griping, but operates easily, thoroughly, and is sure to eradicate all imparities from the system if it is properly takes. Already thossands of living witnesses are ready to testify to its superior virtues, independent of its purgative and anti-bilious qualities. It has cured the worst cases of Erysipelas in a few days. It is a never-failing cure for Headache, Liver Complaint, Jaundice, Ridney Complaint, Bilious Fever, Pains in the Side, Back, Breast, and Limbs, Colds, Cramps, Worms, Lumbago, Blotches on the Skin, Pimples, Cutaneous Eroptions, Obstuctions in the System, Constitution of the Bowels, Dissiness, Mercurial Diseases, Pleurisy, Female Irregularities, Bowel Complaints, Ulcers of all kinds, &c. It cleanses by its superior medicinal virtues, the ulcerous humor from the blood and corrupt bile from the stomach, carrying it off through the natural channels; it invigorates the blood and leaves the system healthy. I ask my friends to test the above medicine, and pronounce a verdict as they shall be impressed by the evidence. Those who know me professionally will not doubt its worth.

Since its first introduction, no medicine has attained such wonderful popularity, and its sales have increased by yout the most sanguine hopes of its friends. Neighbors recommend it as a safe and unequalled physic! Physicians carry it with them. Children will take no other in their families. People living in low and marshy countries, subject to deadly missmas, where Fevers, Ague and Fever, and kilious complaints are more apt to be, will fill find the "Liquid Cathartic" the most potent remedy yet tried. digestive organs, which produces costiveness, or a derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerous and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary relief. Again, the disease is often beyond the reach of aid from external applications, an objection to which this remedy is not liable, it being taken internally. It is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All Healing Ointment in some very bad cases of Piles, I besitate not to assure the afflicted that it is a very valuable medicine, and an inestimable auxiliary to the Electuary. I consider it the best external application, 1 have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in connexion, I doubt not would be effectual in the most obstinate cases, and must surpass in all instances any other remedies for Piles to be found. This dreadful disease is the penalty most frequently paid by those who have become the victims of improper indulgencies. Young persons are too apt to commit excesses, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost scener by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a westing of the frame, cough, symptoms of consumption, &c.

TESTIMONY Price M NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PINA HILL, March 4, 1864.

DEAR Sin: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who have me and I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordion, a small village in North Carolina, to try the effect of some Chalvpeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were served of the village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some question, said he had been a dyspeptic, and had been greatly benefited by the use of "Hoofand's German Bitters," prepared by yeu, and he instated that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine, I had ever taken.

After reaching home, on

D. B. Hooker, Roger's Store, Wake county, North Carolina, October 24, 1852, says:

"Having experienced very great benefit from the use of Hoofsand's German Hitters, in Chronic Dysonery and Functional Derangement of the Liver, and its concomitant evils, I am desirous of obtaining a quantity of it for the benefit of my community. You will, therefore, please send a lot, 4c."
